

The importance of K-Love to my family is incredibly HUGE. As a taxi mom, like many of us, I shuttle my children everywhere. If the radio is not on they tell me to turn it on to K-Love! We get to hear of local upcoming concerts and events that we can actually go to as a family. Unlike other news, K-Love talks about positive news that is happening locally and world wide. I don't listen to the news with my children as it is too violent. So much of radio believes the "shock jock" is the only way to go. It's vulgar and damaging to young minds. If K-LOVE was not able to broadcast and other programing unhealthy to young minds and to all of us was aired then I wouldn't be turning on my radio. My family as been uplifted so much by this station. WE NEED OUR K-LOVE!

Thank you,
Conerned Parent
